IJUBOA VISITED DUBAI IN MAY TO DELIVER A 2-DAY MANAGERS COURSE WITH DNV AT MAERSK AMAZING FACILITIES. GREAT QUESTIONS AND ENGAGEMENT THROUGHOUT. WHILST THERE WE WAS GIVEN A DEMONSTRATION OF THE IMPRESSIVE SIMULATOR TRAINING MAERSK OFFER. WE ALSO HELD A DINNER WITH MEMBERS IN THE REGION TO DISCUSS SETTING UP THE REGIONAL COMMITTEE IN THE MIDDLE EAST, KASPIAN & INDIA. IT WAS GOOD TO BE ABLE TO DO THIS IN PERSON AND HAVE DISCUSSIONS ON MOVING FORWARD.

MANAGERS COURSE

Our next 2-day managers course is on the 7th & 8th October at DNV offices in London. For further information about this course, or any of the courses we offer, please email tracy@ijuboa.com.

1st August 2025

HEB Construction Auckland Half Moon Bay Project

HEB Construction is delivering permanent marine infrastructure at Auckland's Half Moon Bay to replace the ageing ferry terminal, which has reached the end of its service life. The new berthing dolphin and access structures will improve safety, efficiency, and resilience for the busy ferry route between Half Moon Bay and Waiheke Island.

Construction has been carefully sequenced around live ferry operations, with vessels running daily throughout the build. Tight programme constraints ahead of the summer season added further complexity, requiring precise planning and coordination with ferry services.

Supported by temporary works and marine plant including a RCP250 jack-up barge, the team has safely advanced the works while maintaining full commuter access. The project showcases HEB's expertise in delivering complex marine infrastructure in live and high-pressure environments.

If you would like a project featured in our newsletter, please send images and a description of the project to Tracy@ijuboa.com
